Judy,

01/05/01

Mike and I were visited by Robert Storer and Richard Banks from OSD (RG 330) today and they discovered some classified material which was not marked as such in the 01 report. Some of this material was located in unclassified stacks.

OSD has requested all of this material so I will be mailing it to them this Monday. The boxes need to be relocated and have new security codes entered into the 01.
